

*Color Mobile Scanner*  
**OptiCard 820**

## Productive solution for business cards and photos...

OptiCard 820 is a high-speed mobile scanner. It not only manages images but also organizes and synchronizes business cards into public contact databases, all with two simple buttons - Scan and BCR (Business Card Reader).

Powerful I.R.I.S. Cardiris 3.0 helps you to organize all of your business cards with efficiency. It recognizes business cards from up to 50 different countries. Other features include auto orientation, database export, synchronization with your PDA, and many more!

From now on, you don't need to worry about where to store or how to access stacks of photos and business cards. Just use the USB 2.0 OptiCard 820 to quickly scan and manage them with user-friendly software.

## Slim, stylish, smart and more!

Powered by the USB 2.0 connection, it is power cord free. A pouch is included, which allows you to easily carry and protect the scanner. The scanner is so compact that it can fit neatly on a desk, or it can neatly be packed alongside a laptop or in a briefcase.

Two one-touch-buttons allow simple and quick scanning of receipts, bills, checks, invoices, photos and business cards.

## Power software bundled

**Cardiris 3.0** is a 'business card organizer', an unbeatable productivity tool for retrieving and organizing all your business cards. The latest 3.0 version now comes with more powerful features such as drag and drop from the card to desired fields, supporting multiple address databases (HTML, Lotus Notes, Outlook, Outlook Express, Goldmine, Palm Desktop, ACT! , Text, vCard, etc.) with export, synchronization, auto orientation, deskewing, cropping, OCR after scan...and more.

**Image Folio** is a comprehensive multimedia image-processing program. It enables you to process photographs, graphics, and drawings captured from scanners and other devices. You can create new images and enhance pre-existing ones by using the ImageFolio's powerful functions, such as Effect Browser and Photo Fun...etc.

**Presto! Mr. Photo 3** is an ideal program for creating, sharing, and managing digital images and videos. Presto! Mr. Photo also provides fun photo templates, motion shows, slideshows, e-mail, html, and links to other applications. Presto! Mr. Photo 3 brings you limitless creativity.

## Specification
